VISUAL COMMUNICATION PORTFOLIO · 2026

Selected Visual Communication Work

Joshua Keyes — Brand systems, educational content, and marketing design across print, web, and social platforms.

A curated selection of public-facing work spanning brand identity, educational video, student outreach communication, and social media template systems. The pieces here are chosen to demonstrate the ability to build clear, branded, audience-focused visual communication that holds together across formats and touchpoints.

Kelvin Education

Lead Production Designer · 2022–2026 · Remote

Led brand-aligned visual design across marketing graphics, educational video, social campaigns, and product UI. Built reusable template systems so staff could produce consistent posts at scale, and shaped the visual structure of educational video content from POC through launch.

KW Fitness

RaihnForge Independent Project · End-to-end brand system

A complete visual identity and public website experience for a fitness brand — logo direction, color, typography, brand tone, layout, and promotional assets across web, print, and apparel.

- Established a cohesive visual voice across digital and physical materials.
- Aligned messaging, imagery, and layout around motivation and audience connection.
- Built a practical brand system supporting ongoing content and promotional needs.
- Managed end-to-end visual development from concept through launch.

Additional Selected Work

RaihnForge — Long-form freelance and creative community design

Selected pieces from independent and contract work — brand collaborations with competitive gaming organizations, event splash design, and community-facing identity systems. Each piece lives inside a broader visual brand: overlays, event collateral, and on-stream identity all hold to the same voice.
